WHO WE ARE

Net Impact represents a new generation of leaders spanning sectors and industries who are putting their business skills to work for a better world.

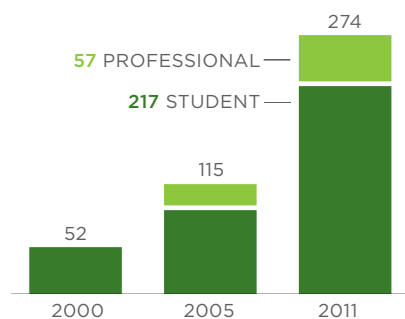

Our programming helps 20,000+ members in nearly 280 chapters worldwide transform their careers to make a *net impact* that benefits not just the bottom line – but people and planet, too.

WHAT WE DO

We educate students and professionals, helping them discover how business careers can be used for good.

We connect changemakers online and in person, through thousands of local events and our annual Net Impact Conference.

We support real-world impact, helping members develop and apply their skills to create social and environmental change on campus and in the workplace.

OUR PROGRAMMING INCLUDES

- One of the most dynamic and inspiring annual conferences covering sustainable business issues, drawing over 2,500 dedicated attendees
- 2,000+ local chapter events a year
- Career services, including our online job board and original publications
- Programs and competitions that provide valuable hands-on experience for students
- Programming for professionals looking to catalyze change in the workplace

“The people who are changing the world can be found in every industry, in every company, in every function. Net Impact brings these people together, helping them integrate these values into their work to benefit their organizations and the world at large.”
